

Carries Whole Ticket With Him  
Except Police Clerk.

Kentucky Goes Republican by  
Majority of 10,000.

TAMMANY VICTORIOUS

Republicans Sweep Massachu-  
setts by an Increased Plurality.

Maryland Democratic and New  
Jersey in Doubt.

No Great Advantage for Either  
Party in Election Returns.

Cleveland, O., Nov. 6.—Complete re-  
turns give Johnson, Democrat, for  
mayor, 48,338; Burton, Republican,  
39,026. Johnson's plurality, 9,313.

Re-elected Mayor of Cleveland.  
The entire Democratic ticket was elected  
with the exception of police clerk.  
The city council will stand 25 Demo-  
crats and 7 Republicans.

New York, Nov. 6.—Additional elec-  
tion returns received through the night  
and this morning clear up some of the  
doubts in closely contested elections.  
The main results as now established are  
as follows:

Governor Guild, of Massachusetts has  
increased his plurality to about 105,000  
against 80,000 in 1906. The entire state  
ticket and both branches of the legis-  
lature are Republican. Of the two  
Democratic candidates Henry M. Whit-  
ney strongly outran Charles W. Bar-  
lett, the latter falling far below Thomas  
L. Hise, candidate of the Independ-  
ence league.

Maryland has elected the Democratic  
candidate for governor, Judge Austin  
L. Crothers and the entire Democratic  
state ticket by about 7,000 plurality.  
The legislature is apparently Demo-  
cratic. Ex-Governor Smith carried the  
primaries for the long term in the  
United States senate and Senator William  
Pinckney Whyte is assured of the short  
term.

The result in New Jersey has become  
so close that it may require the official  
returns to decide between Katzenbach,  
the Democratic candidate for governor,  
and Judge Fort, the Republican nomi-  
nee. The early reports of Katzen-  
bach's lead of 12,000 have been followed  
by detailed returns showing that only  
a few hundred votes separate the con-  
testants. At Newark, Fort's election is  
claimed by the Republican. Governor  
Pinckney Whyte is assured of the short  
term.

Rhode Island has re-elected Governor  
James H. Higgins, Democratic candi-  
date for governor, whose plurality  
reaches 2,307, against 1,000 in 1904. The  
general assembly is Republican in both  
branches, under the leadership of George  
Peabody Wetmore to the United States  
senate.

Kentucky has elected the entire Repu-  
blican state ticket, headed by Augus-  
tus E. Wilson, for governor, by a plu-  
rality ranging from 5,000 to 10,000.  
The Kentucky legislature will have a Demo-  
cratic majority on joint ballot and prob-  
ably will elect Governor Peckham to the  
United States senate.

The New York results, city and state,  
show Justices Edward T. and Willard  
Bartleson, joint Democratic and Repu-  
blican nominees, elected as justices of the  
court of appeals, and the Tammany  
ticket in New York county having a  
plurality over the Independence league-  
Republican fusion candidates.

**NEW YORK.**  
Tammany Wins Decisive Victory Over  
the Fusion Ticket.

New York, Nov. 6.—The election in  
Greater New York has been largely  
favorable to the Democrats. New  
York county (Manhattan and the  
Bronx) went overwhelmingly their  
way. Thomas Foley for sheriff, the  
head of the ticket, having a plurality  
of 26,723 over M. F. Ihmsen, Independ-  
ence league and Republican, in a com-  
paratively light vote. The fusion be-  
tween the Republicans and the Inde-  
pendence league was a failure, except  
in the cases of a few minor officials.

In Richmond and Queens, too, the  
Democrats were generally successful,  
but in Kings county (Brooklyn), the  
Democrats under the leadership of  
Senator Patrick H. McCarran, suffered  
a reverse. All the Republican candi-  
dates on the county ticket with the  
single exception of Clark, Democratic  
candidate for district attorney, are ap-  
parently elected.

No great contest was at stake in any of  
the local elections, and interest was at  
a low ebb.

In the state election Edward T. Bar-  
tleson and Willard Bartlett, having the  
united support of Republicans and  
Democrats, were elected judges of the  
court of appeals by an enormous ma-  
jority over the candidates of the Inde-  
pendence league.

The Republicans lost a few members  
of the assembly, probably six. Sher-  
man Moreland, majority leader of the  
assembly, is believed to have defeated  
Colonel David C. Robinson in Chemung  
county. Henry Seacorn, 79 years old,  
who helped to organize the Republican  
party in Orange county, was elected to  
party in Orange county, was elected to

the assembly in the First district of  
that county.  
The Republicans were victorious in  
the cities of Buffalo, Albany, Roches-  
ter, Syracuse, Oswego and Utica, the  
Republicans electing a mayor in the  
latter place for the first time in four-  
teen years. To offset this the Demo-  
crats carried Newburgh for the first  
time in 17 years. Elmira, Rome and  
Binghamton also elected Democratic  
mayors.  
New York, Nov. 6.—Dr. Charles M.  
Freeman, husband of Mary L. Wilkins  
Freeman, the writer, was defeated for  
mayor of Metuchen, N. J., by 27 votes.  
Freeman is a Republican but obtained  
the nomination on the Democratic  
ticket.

**OHIO.**  
Tom Johnson Defeats Congressman  
Burton in Cleveland.

Cincinnati, Nov. 6.—Ohio's first ex-  
perience in separate municipal elec-  
tions demonstrated that local issues  
would be paramount, and the results  
are so various that partisan victory  
can not be generally counted as such,  
each fight having some particular  
complication.  
The Cleveland interest centered on  
the contest of Mayor Tom L. Johnson  
and Congressman Theodore Burton  
over matter of street railway fares, an  
issue which had been the subject of  
an accomplishment of a present peace in  
local transportation matters. Seem-  
ing to give a ballot leaning toward the  
former idea endorsed by Johnson,  
Johnson was re-elected.

In Cincinnati Markbreit, Republi-  
can, was elected mayor by so sweep-  
ing a vote that he has apparently car-  
ried the entire ticket with him, ending  
a fight of Mayor Dempsey, Demo-  
crat, for the vindication of a re-elec-  
tion and the present efforts of those  
who have been long opposing Republi-  
can leadership in Cincinnati affairs.  
In Toledo Mayor Brand Whitlock,  
who refused a Democratic nomination  
and ran for re-election as an inde-  
pendent, has been emphatically en-  
dorsed, securing over 7,000 plurality.

Bond, Republican, was elected  
mayor of Columbus by from 3,000 to  
7,000 plurality over Duncan, Demo-  
crat, who had announced strict en-  
forcement of all liquor and Sunday  
laws as his platform.  
Dayton's three cornered fight seemed  
according to the early returns to be  
in favor of the Democrats, their  
candidate, Burkhart, winning over  
both Republican and Independent  
contenders.

Mansfield has elected a Republican  
mayor, while Canton, Youngstown,  
Zanesville, Springfield, Findlay, Port-  
smouth, Ironton and Xenia seem to  
have chosen Democrats to run their  
affairs.

Piqua re-elected its "lid" mayor on  
a platform in which he declared for a  
continuance of that policy.  
Strict enforcement of liquor and  
Sunday laws affected the result in  
Zanesville also and many smaller  
cities.

**Fares Go Up.**  
Cleveland, O., Nov. 6.—Following the  
re-election of Mayor Johnson, the  
Cleveland Electric Railway company,  
again resumed selling tickets at the old  
rate of eleven for 50 cents. For a month  
prior to the election the company had  
sold the tickets at the rate of seven for  
25 cents, upon which basis they asked  
a renewal of their franchise. Mayor John-  
son's election, upon a platform of strict  
enforcement of all liquor and Sunday  
laws as his platform.  
Dayton's three cornered fight seemed  
according to the early returns to be  
in favor of the Democrats, their  
candidate, Burkhart, winning over  
both Republican and Independent  
contenders.

Mansfield has elected a Republican  
mayor, while Canton, Youngstown,  
Zanesville, Springfield, Findlay, Port-  
smouth, Ironton and Xenia seem to  
have chosen Democrats to run their  
affairs.

Piqua re-elected its "lid" mayor on  
a platform in which he declared for a  
continuance of that policy.  
Strict enforcement of liquor and  
Sunday laws affected the result in  
Zanesville also and many smaller  
cities.

**Had a Clear Majority.**  
Cincinnati, Nov. 6.—Full return gave  
Markbreit, Republican for mayor, a  
clear majority over his four opponents  
of 8,271. He received 43,855; Demp-  
sey, Democrat, 23,566, and Pratt, City  
party, 9,850.

The vote on prohibition and socialist  
candidates was small. Both Republi-  
can and Democrat for superior judges  
were elected by more than 10,000 ma-  
jority. The new city council will have  
24 Republicans and five Democrats, a  
Republican gain of six.

**NEW JERSEY.**  
Official Count May Be Necessary to  
Determine the Result.

Trenton, N. J., Nov. 6.—Indications  
early today after a close study of the  
incomplete returns of yesterday's elec-  
tion, are that it may take the official  
count to decide the result at the close  
of the vote for governor. The figures  
obtainable apparently favor Katzen-  
bach, but his margin is only a few  
hundred votes. As many of the county  
plurality returns are partially esti-  
mated, their correctness is disputed by  
the Republicans who claim the correct-  
ness of their own figures.  
Fort, Katzenbach's strength in the  
voting was a genuine surprise. He  
made gains in practically all of the  
counties, and his margin was normally  
Republican county of Essex  
by 152, and reversed a Republican plu-  
rality of 1,200 in Monmouth county.  
Apparently the vote in Republican  
losses nearly everywhere. How great  
the shift in vote in New Jersey can  
only be realized by a comparison with  
the recent years.  
Governor Stokes, who carried the state in 1904, by  
a margin of 32,000. Governor Stokes, the  
same year defeated Mr. Black by a  
margin of 50,000 votes.  
The legislature according to returns  
will be Republican. Another feature  
of the elections in New Jersey is the  
defeat of Mayor Mark Fagan, of Jersey  
City, for re-election. His passing is of  
national interest, because he has be-  
come known throughout the country  
for his efforts to make the political  
arena a more honest one.  
Fagan has thrice been mayor of Jersey  
City. His successful antagonist is H.  
Otto Wittmann, a Democrat.

Trenton, N. J., Nov. 6.—Dr. Waller  
Madden, Democrat, was elected mayor  
of Trenton, by a plurality of 572.

**Fort Claims It by 7,000.**  
Camden, N. J., Nov. 6.—Judge J.  
Franklin Fort, the Republican candi-  
date for governor in New Jersey, tele-  
phoned today from his home in East  
Orange that he had carried the state  
by 7,000 majority.

**KATZENBACH'S RECORD.**  
Something About the Man Probably  
Elected Governor of New Jersey.

New York, Nov. 6.—Frank L. Kat-  
zenbach, who may be the first Demo-  
cratic governor New Jersey has had in  
many years, has twice been elected  
mayor of Trenton, a city that is nor-  
mally Republican. He is 32 years old.  
As mayor, Katzenbach made a re-  
cord for two things—votes and speech

## MONEY IS MOVING

Currency Flows From Washing-  
ton in a Steady Stream.

Nearly \$7,000,000 Increased  
Circulation Shipped to Banks.

GROWS BIGGER DAILY

Applications Continue to Come  
in Undiminished Volume.

Congressman Scott Discusses  
Kansas Financial Situation.

Washington, Nov. 6.—The financial  
situation throughout the country, from  
the treasury standpoint, is more en-  
couraging today than at any time dur-  
ing the past two weeks. The control-  
ler of the currency is making large  
shipments of currency to banks, and  
applications for increased circula-  
tion continue to come in undiminished  
numbers. Up to this time between \$6-  
000,000 and \$7,000,000 increased circulation  
has been shipped to national banks and  
each day's shipment shows an increase  
over the preceding day.

Representative Scott of Kansas dis-  
cussed the financial situation in the  
White House today and was  
optimistic as to present and future con-  
ditions. He pictured the state of Kan-  
sas as in an entirely safe and prosper-  
ous condition. The only regrettable fea-  
ture, he said, was that Kansas bankers  
had taken too much eastern paper, and  
now that they wanted to realize on it  
they were unable to do so. However, he  
said, the state had enough money to  
move its crops and he did not believe  
the pinch would be felt there.

Representative Fowler of New Jer-  
sey, chairman of the house committee  
on banking and currency, was a White  
House caller, but did not wait to see  
the president, who was engaged.

**To Start the Money Stream.**  
St. Paul, Minn., Nov. 6.—E. H. Bailey,  
president of the First National bank,  
who announced last night that as a  
result of a conference between bank-  
ers of St. Paul, Minneapolis and  
Duluth, a plan had been evolved which  
would provide funds for the move-  
ment of the grain crops of the north-  
west, said to the Associated Press today  
that he had little to add to that  
statement.

"The result is what is more impor-  
tant, not only to the people of the north-  
west, but to the east as well," he said.  
"The people of the northwest can re-  
assured that the combined efforts of  
the financial men here will set the ball  
in motion that will provide genuine re-  
lief for the other measures would. It  
is not necessary to get into details. Re-  
sults are what we want. A large fund  
has been raised for that purpose and  
it is hoped that by putting this move-  
ment under way it will result in the  
shipment of money from Europe in pay-  
ment for the shipments."

"Provisions for the shipments from  
the terminals," Mr. Bailey explained,  
will promote the shipment of grain  
from the local warehouses and in this  
way the entire crop will be moved and  
laid down in eastern markets. The  
western states, and as the flow of gold  
from Europe already in motion continues  
a large shipment of it will find its way  
into banks in this section of the coun-  
try and any remaining stringency will  
be removed."

**More Gold on the Way.**  
Southampton, Nov. 6.—The steamer  
Oceanic which sailed from here today  
will carry 1,500,000 pounds in gold.

**Situation Materially Relieved.**  
New York, Nov. 6.—The situation  
in regard to the money market, which  
has been under pressure was materi-  
ally relieved this morning. The  
Trust Company of America, opened  
at 10 a. m., with an augmented force,  
and the National City Bank, which  
Trust company, also opened for business  
as usual. This was mainly the  
result of conferences held in the li-  
brary of J. P. Morgan, through  
which resulted in the issuance  
of the statement signed by Edward  
King.

An official of the Lincoln Trust  
company said today that the situation  
has been materially cleared up and  
the company is now in a position to  
continue its business as usual. The  
depositors who apply to withdraw  
deposits will be promptly taken care  
of, he said now that the flood of  
gold from Europe to America continues.  
More than \$36,000,000 has been  
engaged for import since the begin-  
ning of the year. The first additional engagement  
reported today was one of \$500,000  
for the Bank of Montreal.

Lazard Freres today engaged an ad-  
ditional million dollars in gold for im-  
portation. This makes the total en-  
gagements to date \$37,000,000.

**Print Works Fail.**  
North Adams, Mass., Nov. 6.—Henry  
H. Warner was appointed receiver for  
the Arnold Print Works today. The  
company is caused by inability  
of the company to renew loans.

The Arnold Print Works is one of  
the largest textile manufacturing estab-  
lishments in the state, its employes  
numbering in the vicinity of 6,000.

**Roosevelt Will Do What He Can.**  
New York, Nov. 6.—E. H. Carey,  
chairman of the executive committee of  
the United States Steel corporation, is  
expected to make a statement regard-  
ing the situation of the company, and  
visit which he and H. C. Frick made  
to Washington on Monday.

"The president is disposed to do ev-  
erything in his power that is right and  
proper to benefit the business interests  
of the country."

**Currency Legislation Urged.**  
St. Joseph, Mo., Nov. 6.—The follow-  
ing telegram in which the St. Joseph  
League of Women's League, Kansas City  
Commercial Club league, St. Louis  
Business Men's league and Chicago As-  
sociation of Commerce united, was sent  
to President Roosevelt and Secretary  
Cortelyou:

"Believing that prompt legislative  
measures should be adopted to prevent  
repetition of existing financial condi-  
tions, we, the undersigned commercial  
organizations, respectfully and earnestly  
urge that currency legislative mat-  
ters, be considered at the coming ses-  
sion of congress."

Telegrams were sent to commercial  
organizations in 60 other cities urging  
them to take similar action.

**Stocks Advance.**  
Salt Lake, Nov. 6.—The general feel-  
ing of confidence in the soundness of  
local business conditions following yes-  
terday's election, was reflected on the  
mining exchange today. The principal  
stocks showed advances of from 2 to 6  
cents per share and trading was very  
active.

**PERFECT AUTUMN DAY.**  
That Describes the Weather Situation  
Today.

Everything which the English lan-  
guage contains that could be used in  
describing a perfect autumn day could  
be appropriated for expressing the  
brand of weather which Topeka is en-  
joying today. There is nothing to dis-  
tract from the perfectness of the day.  
The wind has been a gentle in its ef-  
fusions over the city during the past  
twenty-four hours that it has scarcely  
made itself noticeable. The tempera-  
ture at times has been a little raw but  
on the whole it has been just warm  
enough to add little to the enjoyment  
of the working population of Topeka.  
The day has been so delightful all the  
way through that even the worst cases  
of pessimism and the blues have had  
to succumb to the charms of the weather.

pliment Captain Vreeland.

Reception and Banquet for  
Commander of the Kansas.

County Town.

Governor Hoch and Other Noted  
Visitors Speak.

Burlingame, Nov. 6.—Charles E.  
Vreeland, captain and commanding  
officer of the battleship Kansas,  
which went into commission in April  
of this year, was last night the recipi-  
ent of a reception and banquet at the  
hands of his former fellow townsmen.

In a toast on "Our State," Governor  
Hoch told his Kansas hearers what  
he thought of Kansas. "It's a big sub-  
ject," said he. "Four hundred miles  
long, 200 miles wide, 4,000 miles deep  
and 49,000 miles high. We have  
abundant reason to be proud of our  
state. I think the omnipotent artist  
never painted a bluer sky, and no  
richer legacy has been bequeathed the  
Sunflower state. In moral fibre, in  
intellectual development, in material  
property our state has no superior in  
the sisterhood of states. Our state is a  
state of superlatives. In the combined  
value of corn and wheat for the past  
five years we have stood first. We  
have more oil and gas. The largest clip of  
wool taken from any sheep came from  
Kansas."

**ADVANCE THE CASE.**  
Oklahoma Warrant Suit in the Su-  
preme Court.

Morning General Coleman this  
afternoon filed a motion in the supreme  
court asking that the case of the state  
against T. Kelly, formerly state  
treasurer be advanced on the calend-  
ar so that a hearing of the case may  
be had at the earliest possible mo-  
ment. The case was instituted short-  
ly after the discovery of shortages in  
the account of ex-Treasurer Kelly by  
the expert accountants employed by  
the state, amounting to something like  
\$10,000, on account of Oklahoma war-  
rants which were sold.

Suit was instituted shortly after by  
C. C. Coleman, then attorney general  
for the state, on the ground that  
though nine of them were practically  
withdrawn before the trial of the case  
in the district court, which occurred on  
the 13th of July, 1906. On the second  
day of the trial, Judge Dana, who  
Dana sustained the demurrer of the  
defendant to the third count which  
was a charge of a shortage of \$6,668  
on account of the sale of Oklahoma  
warrants sold. Upon the other count  
the court ruled the following day in  
favor of the defendant.

In rendering the decision in the dis-  
trict court Judge Dana said, referring  
to the contention of C. C. Coleman,  
then attorney general, that Kelly had  
acted without authority of law in dis-  
cussing the case, that the proposition  
is that Kelly is not being prosecuted  
here for malfeasance in office, but this  
is an action for recovery of damages  
alleged to have been sustained by the  
state, and unless it is shown that the  
state has sustained damages it can  
not expect to recover in this case."

**MONEY TO COME WEST.**  
St. Paul Bankers Arrange in New York  
for a Supply.

St. Paul, Minn., Nov. 6.—E. H. Bailey,  
president of the First National bank,  
announced last night that a confer-  
ence between representatives of the  
Duluth, St. Paul and Minneapolis  
banks with New York financial in-  
terests, arranged to have been made  
whereby money would be secured for  
the movement of the northwestern  
crops. Mr. Bailey refused to give de-  
tails of the plan.

**Cortelyou Will Help.**  
Washington, Nov. 6.—With reference  
to his plan for relieving the financial  
situation in the northwest as the result  
of the visit of Senator Nelson of Minne-  
sota, and a delegation of bankers, Sec-  
retary Cortelyou after calling on the  
White House today declined to state  
the amount that would go to Minne-  
sota, but indicated that it would be  
large. He said that the commercial  
situation. The secretary said that the  
delegation also obtained further relief  
in New York.

**APPLE SHORTAGE.**  
This Year's Crop Estimated at Scant  
24,000,000 Barrels.

New York, Nov. 6.—The apple crop  
of the United States for 1907, as estimated  
by The American Agriculturist in its  
report to appear on November 9, is  
scant 24,000,000 barrels, materially short  
of last year. What is of great impor-  
tance is the shortage in the commercial  
orchard sections as western New York,  
nearly all of Michigan and the entire  
southwest. There is what may be set  
down as an absolute failure in Kansas,  
Missouri and Nebraska.

New York state has a good many ap-  
ples, but they will be needed, and for  
that matter, the total is only about one-  
fourth to one-third of a full yield.  
Pennsylvania has fairly abundant  
fruit. New England has rather more  
apples than last year, due solely to the  
fact that Maine has a good crop.

**Odell Rallies After Operation.**  
Newburg, N. Y., Nov. 6.—Reports from  
the bedside of ex-Governor Odell today  
to the effect that he has rested com-  
fortably during the night and was rally-  
ing from the shock of the operation per-  
formed last night for relief from  
pleurisy from which he has been suf-  
fering since the death of his family, said  
he is doing as well as can reasonably  
be expected and that while he is very  
sick they do not feel that his condition  
is desperate.

withdrawn before the trial of the case  
in the district court, which occurred on  
the 13th of July, 1906. On the second  
day of the trial, Judge Dana, who  
Dana sustained the demurrer of the  
defendant to the third count which  
was a charge of a shortage of \$6,668  
on account of the sale of Oklahoma  
warrants sold. Upon the other count  
the court ruled the following day in  
favor of the defendant.

In rendering the decision in the dis-  
trict court Judge Dana said, referring  
to the contention of C. C. Coleman,  
then attorney general, that Kelly had  
acted without authority of law in dis-  
cussing the case, that the proposition  
is that Kelly is not being prosecuted  
here for malfeasance in office, but this  
is an action for recovery of damages  
alleged to have been sustained by the  
state, and unless it is shown that the  
state has sustained damages it can  
not expect to recover in this case."

**MONEY TO COME WEST.**  
St. Paul Bankers Arrange in New York  
for a Supply.

St. Paul, Minn., Nov. 6.—E. H. Bailey,  
president of the First National bank,  
announced last night that a confer-  
ence between representatives of the  
Duluth, St. Paul and Minneapolis  
banks with New York financial in-  
terests, arranged to have been made  
whereby money would be secured for  
the movement of the northwestern  
crops. Mr. Bailey refused to give de-  
tails of the plan.

**Cortelyou Will Help.**  
Washington, Nov. 6.—With reference  
to his plan for relieving the financial  
situation in the northwest as the result  
of the visit of Senator Nelson of Minne-  
sota, and a delegation of bankers, Sec-  
retary Cortelyou after calling on the  
White House today declined to state  
the amount that would go to Minne-  
sota, but indicated that it would be  
large. He said that the commercial  
situation. The secretary said that the  
delegation also obtained further relief  
in New York.

**APPLE SHORTAGE.**  
This Year's Crop Estimated at Scant  
24,000,000 Barrels.

New York, Nov. 6.—The apple crop  
of the United States for 1907, as estimated  
by The American Agriculturist in its  
report to appear on November 9, is  
scant 24,000,000 barrels, materially short  
of last year. What is of great impor-  
tance is the shortage in the commercial  
orchard sections as western New York,  
nearly all of Michigan and the entire  
southwest. There is what may be set  
down as an absolute failure in Kansas,  
Missouri and Nebraska.

New York state has a good many ap-  
ples, but they will be needed, and for  
that matter, the total is only about one-  
fourth to one-third of a full yield.  
Pennsylvania has fairly abundant  
fruit. New England has rather more  
apples than last year, due solely to the  
fact that Maine has a good crop.
